## **Statement of Commitment**

### ***Fighting Against Forced Labour and Child Labour in Supply Chains***

---

Green Metals Canada, Inc. is committed to fighting forced labour and child labour in our supply chains. To meet this commitment, the company continually monitors its structure, activities, and supply chains to assess and reduce risks associated with forced labour and child labour. When an activity is found to have the potential for such risks, measures are taken to remediate the problem and assist with the recovery of loss of income for individuals affected by the elimination of forced labour or child labour.

To further support this commitment, Green Metals Canada, Inc. has implemented an Ethical Trading Policy and Supplier Sustainability Code of Conduct (“SSCOC”) to establish a framework for managing related processes. Employees who may be exposed to instances of forced labour or child labour in supply chains receive SSCOC and Ethical Trading training to inform them about the harm forced labour and child labour can cause, as well as provide the information and guidance necessary to notice or determine whether forced labour or child labour is used at any point in a supply chain.

Green Metals Canada, Inc. also meets all legislative requirements related to reporting the parts of our supply chains that carry risks of forced labour and child labour being used, and the steps we have taken to prevent and reduce such risks.

Establishing supply chains free from forced labour and child labour is a shared effort, and we are committed to working with the necessary parties to make it a reality. For more detailed information on associated policies, plans, and training programs, please contact our Compliance Specialist at 519-501-4576.

If you have any questions, please do not hesitate to contact me directly.
